DUST COLOURS

ROXY & RICH
— COLORANTS —

ROXYANDRICH.COM

THIS INSOLUBLE DUST RENDERS AN ASTONISHING METALLIC FINISH ON YOUR CREATIONS AND IS 100% EDIBLE.

It consists of a mica base coated with iron oxide. The coating is insoluble, thus setting it apart from the water-soluble Hybrid Lustre Dust and Hybrid Sparkle Dust collections. The collection is made up of only a few colours.

ADVANTAGES

- Strong metallic finish
- Insoluble in water
- High opacity
- Edible*

AVAILABLE IN JARS OF 2.5 g AND 25 g.
